

What is Education? Do you know

Hey guys, Do you know what is education? Education is a great way to get success in the world. It is the only way to get great ideas for a live life. Education is the most powerful factor to develop our own skills & personality. It is the only factor which was the push-up to us to do something in our lives.

For the development of our interior skills, education is the most important factor. Today it is not important who are you, but it is important what are you!! The people of the whole world offer something to be said for the big amount of your work. The entire world doesn't have to worry about the future of our lives and to do something for us.

So, be careful with the same ideas for your own lives. Remember that you are not a labour and not the - person of lower category, you are the great creation of GOD. We all born to win. we all born to do something big. we all assumed to be able to get the success in our lives. The people who make up the many types of arguments and comments about education are not able to do anything in their own lives. They are the most narrow-minded people who have been a little bit of the defenders to protect their own way. Education is the power of the world 's most trusted society. You can also use the same power of education for all of your's work. Education is the best factor which is designed your ideas and your desires. Education makes life full-filled of joy and happiness. Now in the 21st-century education is not a part of life but it is a heart of life.

However, the fact is that it is time for

the next generation to do something special in this period of time to decorate their own first. Guys During your study period you have to work hard with honesty.

==-- What is education? Do you know?

The definition of education in common usage that, “ education is merely the delivery of knowledge, skills and information from teachers to students, is inadequate to capture what is really important about being and becoming educated.”

IWAN WELTON said that - “ the future of the world is in my classroom today.”

Education is one of the fundamental needs of human beings. In the history of mankind, education has been formed a continuum and a basis for the development of human society. Education in its general sense is a form of learning which the knowledge, skills and habits of a group of people are transferred from one generation to next through teaching, training and research.

Dear parents, we all want to see our children going towards success which is only possible through good and proper education. And for the proper success and better study in the future, every student has been a lot of hard work for the build of a better personality. Remember that, our good or bad education decides which types of person we would in the future.

WHO IS TRUELY RICH ?

Someone asked the richest man in the world, Bill Gates, “Is there anyone richer than you in the world ?”

Bill Gates replied, “Yes, there is a person who is richer than me.” He then narrated a story.

“It was during the time when I wasn’t rich or famous.

“I was at the New York Airport when I saw a newspaper vendor.

“I wanted to buy one newspaper but found that I didn’t have enough change. So I left the idea of buying and returned it to the vendor.

“I told him of not having the change. The vendor said, ‘I am giving you this for free.’ On his insistence I took the newspaper.

“Coincidentally, after two to three months, I landed at the same airport and again I was short of change for a newspaper. The vendor offered me the newspaper again. I refused and said that I can’t take it for I don’t have change today too. He said, ‘You can take it, I am sharing this from my profit, I won’t be at loss.’ I took the newspaper.

“After 19 years I became famous and known by people. Suddenly I remembered that vendor. I began searching for him and after about 1½ months of searching, I found him.

“I asked him, ‘Do you know me?’ He said, ‘Yes, you are Bill Gates.

”“I asked him again, ‘Do you remember once you gave me a newspaper for free?’

“The vendor said, ‘Yes, I remember. I gave you twice.’

“I said, ‘I want to repay the help you had offered me that time. Whatever you want in your life, tell me, I shall fulfill it.

”“The vendor said, ‘Sir, don’t you think that by doing so you won’t be able to match my help?’

“I asked, ‘Why?’

“He said, ‘I had helped you when I was a poor newspaper vendor and you are trying to help me now, when you have become the richest man in the world. How can your help match mine ?’

“That day I realized that the newspaper vendor is richer than I am, because he didn’t wait to become rich to help someone.”

People need to understand that the truly rich are those who possess a rich heart rather than lots of money.

It’s really very important to have a rich. - Routine of education. (Collected)
